FRENCH OIL FIELDS.

H. H. Robinson Goes on a Tour of Inspection.

Mr. H. Hardie Robinson left last night for New York, from which point he sails on the steamer Lorraine for Paris, France, where he will join a party of French capitalists. They will proceed to Roumania at once to make an investigation of the oil fields of that country. The French capitalists are owners of extensive oil interests in Roumania, and it is the object of Mr. Robinson's visit there to study conditions with a view of investigating the feasibility of introducing the rotary drilling method in that country. If the rotary method appears satisfactorily advantageous, Mr. Robinson will return immediately and purchase one or more rotary outfits, such as are used in Southeast Texas, and select full crews of competent drillers and helpers to return with him to Roumania and operate on a large scale in that field.

Mr. Robinson is a Frankfort boy who has come to the front in his Texas home. We rejoice to see the prominence he has attained. He is a son of Mrs. Louise Hardie Cleveland, of Texas.

NEW LAW FIRM.

Messrs. Frank Chinn and T. L. Edelen have formed a partnership in the practice of the law, under the style of Chinn & Edelen, and have opened offices in the suite of rooms in the Trust Co. building, corner of Main and St. Clair streets, second floor.

Mr. Frank Chinn was born and raised in this county, near the Forks of Elkhorn, and was our schoolmate in the days long since. He is a man of sterling character

and ability. He was a gallant soldier of the Lost Cause. He has attained a high position in his profession by integrity and conscientious work. He is the youngest son of the late Judge Franklin J. Chinn.

Mr. T. L. Edelen was reared at Lebanon. Is a trained lawyer, of first class ability, sterling integrity and general versatility. He has been practicing at the local bar, both in State and National Courts, for about seventeen years, and has been successful from the start.

The combination is one that is strong in every way. We wish the new firm great success. They deserve it.

QUITE A VETERAN.

Col. Geo. B. Harper, President of the Frankfort and Cincinnati Railway, rounded out sixteen years of service with that road on Tuesday last.

It is needless to say that there never was a cleverer or more accommodating railroad man in this city. He has made a success of his work, too, and has won a host of friends by his earnest endeavors to accommodate the traveling public.

This is not the only railway work in which Col. Harper has been engaged, and he is now a veteran in this line.

He is, in addition, one of our most enterprising business men. "Here's lookin' at yer, Colonel."

The Danville people know where to send when they wish to have good music.

The Best Guaranty of Merit Is Open Publication.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, nervous, or nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anodyne.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, unsecreted medicines largely, but the most intelligent people employ them—people who would not dream of using the ordinary patent or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such profound endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. "Pleasant Pellets" is a gentle laxative, and two mild cathartics. Druggists sell them, and no kind is "just as good." Easy to take and easy.

UNEXCELLED SERVICE.

Superintendent J. D. Sallee has kept his word. He stated, soon after he came here to take charge of the Traction Co., that he would soon give this city a first-class street railroad service. On Sunday last he put his new schedule into effect, giving car service every ten minutes to the Park and to the Cemetery, and with the new equipment, he is giving the most prompt and satisfactory service ever afforded our citizens. It is all that could be asked.

A MIRACULOUS CURE.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parent and others. "A miraculous cure has taken place in our home. CLOSING EXERCISES OF HIGH SCHOOLS.

The city high schools had their closing exercises this week. The Junior Class held the boards on Tuesday evening at the Opera House.
The entertainment was first class in every respect, the recitations being especially good. The opera, Prof. W. and Graham conducting, was a charming place of work eliciting, as did all the exercises, the enthusiastic applause of the big audience.

On Wednesday evening the graduating class, composed of the following young men and young ladies, held their exercises: Paul Kenney, Frances Orr, Henrietta Eales, Florie Garard Rodman, Clara Augusta Nelson, Ida Hough Robt., Samuel Kennedy Culbertson and Willwyn Jowett Shipp.
The whole affair was, in every way, a splendid success. The city has every reason to be proud of the work being accomplished by this school under the superintendency of Prof. H. McKee, who has thoroughly demonstrated his fitness for the position. He has been backed up by the conscientious, efficient and patient labors of as fine a corps of teachers as ever held positions in this institution.
The Opera House capacity was tested to the fullest by the big crowd present.
The following program of exercises was carried out:

The barber shop and outfit of Ben Atkins has been sold to Ernest Berry.

Mr. Att Perry, we regret to say, is very low with an incurable disease.

Mr. Newton Thomason, of Owen county, visited relatives here on Sunday.

Mr. Fred Owens and wife, of Winchester, visited her brother, Mr. J. C. Johnson, this week.

The music class of Mrs. Mattie Jameson had a delightful outing and picnic on Elkhorn last week. It was a very pleasant affair.

Drs. Stewart & Crutcheff have dissolved partnership. Dr. Stewart will open an office over the drug store. Dr. Crutcheff will remain in the old quarters.

Mr. Perry Mothershead has accepted a position with a street car company in Kansas City, Mo., and his wife left Tuesday to join him. It will be remembered that he resigned his position as Rural Mail Carrier, some time back, on account of the condition of his health. We hope he may be completely restored in his new home.

We had a splendid rain on Thursday evening and Friday. It was a regular "ground snaker, clod masher and gulley washer," as prayed for by the old darkey. It has helped everything amazingly, although too late for the oats and meadows. Much tobacco was set out although the plants

were small. We had another good rain on Tuesday. There was a high wind on Thursday, but no serious damage.

A MEASURE OF MERIT.

Frankfort Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convinced evidence in Frankfort. Is not the testimony of strangers. But the endorsement of Frankfort people.

That's the kind of proof given here—The statement of a Frankfort citizen. Mrs. Mollie E. Callis, of 354 Holmes st., wife of W. H. Callis, foreman at the Frankfort Chair Co.'s Works, says: "I have the greatest faith in Doan's Kidney Pills for their treatment brought me untold relief. I had headache for years. It was not severe at all times, but when an attack occurred, especially if I over-exerted myself in any way, aggravation of the aching was sure to follow. A positive proof of some disturbed action of the kidneys was trouble with the kidney secretion. I tried various remedies, but found nothing that did me any permanent good. Reading an advertisement in our local paper about Doan's Kidney Pills it occurred to me that they might at least give some relief. Acting on this thought I went to J. W. Gayle's drug store and got a box. Their use proved that what people sold about Doan's Kidney Pills was nothing short of the truth. The pain and aching in my back ceased and the trouble with the kidney secretion was corrected. I thoroughly believe that any preparation which acts up to the representations made for it like Doan's Kidney Pills can not be too well known."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CLOSING OF STATE COLLEGE.

The closing exercises of State College were held in Lexington on Thursday. There was a very large crowd present, among them quite a number from this city.

There were four graduates from this country. We give below their names and the subjects treated in their thesis: Alexander Julian Chinn—"A Study of Efficiency of Locomotive Handling Passenger Trains on the Southern Railroad." Alexander Thomson Lewis—"Efficiency Test of Hope Milling Co. Verrill's."

Thomas Wilcox Freeman—"A Modern Method of Cropping Timber." Redman Wiley—"Design of Swing Drawbridge." President Patterson announced that Hon. Andrew Carnegie had contributed \$2,000 for a state college library. Every member of the graduating class in Mechanical and Electrical Engineering is already employed by different big concerns throughout the country.

"HOW BLESSED THE RIGHT-FOET'S WHEN HE DIES."

Beloved and Honored Lady Passes Peacefully Away.

Just before 7 o'clock, on Sunday evening, Mrs. Maria L. Campbell, widow of the late Rev. Duncan R. Campbell, D. D. President of Georgetown College, passed to the home beyond, aged 84 years and one month.

Mrs. Campbell was the eldest daughter of Mr. Henry Wingate and wife, of this city, and when in the first flush of a beautiful young womanhood was wooed and won by the Hon. Russel McRery, Representative from Muhlenburg county, in the Kentucky Legislature.

Mr. McRery's career was cut short by an untimely death, and his young widow and baby boy returned to this city to reside.

Several years later Rev. D. R. Campbell, D. D., the able and cultured president of Georgetown College, met the handsome widow and won her for his bride. With Dr. Campbell she removed to Georgetown and for many years, and until Dr. Campbell went to his reward in 1895, she was the gracious and gentle queen of his home—winning and holding the hearts of the vast array of students at Georgetown College by her genial and kindly nature and genuine interest in "her boys," as she so proudly called them.

By her union with Dr. Campbell she had several children who died in infancy, and one son, Mr. Duncan R. Campbell, Jr., who died in early manhood from typhoid fever, and now sleeps in our city on the hill beside his father.

After Dr. Campbell's death, Mrs. Campbell returned to this city to reside.

A life-long member of the Baptist Church, that life has been marked by a devoted and untiring service for the Master she loved so dearly. Until disabled by ill health she was ever at her post of duty in all the religious work of the church—a leader among a loving band, glad to have her advice and counsels began to fall the star of her faith and trust grew brighter and brighter, shedding its effulgence on all who came within her influence—a glorious testimony to the power of redeeming love. "Aunt Maria," as she was affectionately called by a host of us, who delighted to sit at her feet and learn wisdom from her chastened and gentle life.

There is a void in the home and a break in the ranks of church-workers hard to fill. As daughter, sister, wife, mother and friend, she was a model of dignity, gentleness, and love.

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

Excess Of Smoking Affected My Heart

So I Had To Sit Up To Breathe.

Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nervine and Liver Pills, together with bathing, etc. I faithfully followed the directions given and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pain around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case I can thoroughly recommend Dr. Miles' Heart Cure, Nervine and other remedies to all sufferers from heart or nervous troubles."—Yours truly, ELIJAH HALL, Dalton, Ala.

combined with firmness of an ununsuspected character, where her convictions of right were concerned.

The funeral services were conducted from the First Baptist Church, on Tuesday afternoon at 4:30 o'clock, by Rev. Dr. M. B. Adams, her pastor, and the large audience present bore testimony to the esteem in which she was held.

She leaves one son (Mr. R. W. McRery), two sisters (Mrs. Sarah McKee and Mrs. Ellen Sawyer) and a very large circle of relatives and friends to mourn her departure to the home beyond.

It can truthfully be said of her "blessed are the dead, who die in the Lord; yea, from henceforth saith the Spirit, for they do rest from their labors and their works do follow them."

The disgusting discharge from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalyptus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream making a catarrhal balm unexcelled. Sold by all dealers.

LID STILL STICKS.

Notwithstanding "Judge" McCann's decision that the Sunday closing law, as regards saloons, is unconstitutional, the lid remained on tight and hard in Louisville, Lexington and Frankfort on Sunday. We believe we heard it intimated that State licensees had a string attached to them.

THE PUBLIC PRINTING.

The contract for the public printing was awarded last week by the Printing Commissioners to a Louisville house, which bid the very low figure of 9 per cent. of the schedule provided by law. The statute provides that 40 cents per 1,000 lines shall be the maximum price paid for plain typesetting. Nine per cent. of 40 cents is but 3.60 cents, and we understand that the firm to whom the contract was awarded operates a union office, paying its machine operators \$8.50 for an eight-hour day, or 43¢ cents an hour. As the best machine men will set only about 5,000 lines per hour, each one thousand set represents an expense to the firm of 84 cents, or a loss on composition of about four cents per thousand. When added to this the expense of proof reading, correcting and imposition, the loss is still further augmented to nearly ten cents per thousand.

When the ordinary individual looks at these figures he wonders what sort of graft is to be worked, or what technicality of the law is to be taken advantage of by the contractors to enable them to catch even, as profit seems out of the question.

The bid, on the face of the papers, would seem to reflect a hoped-for construction which is different from the understanding an ordinary bidder would have.

MASONIC VISIT.

The annual inspection of Lawrenceburg Chapter of Royal Arch Masons took place on Wednesday evening and quite a number of brethren from this city were present. In the afternoon a called meeting of Lawrenceburg Council of Royal and Select Masters was held and the degrees conferred on a large class of candidates. At night the pastors of the Methodist and Presbyterian Churches were exalted to the Royal Arch. The 13 hoodoo was broken, for 18 candidates were admitted to Lawrenceburg Council, 18 Companions went up from this city, four times 18 sat down to a banquet after the work was over and was 18 o'clock when the Frankfort delegation started for home.

WORRY WEARS YOU OUT.

There is no need worrying along in discomfort because of a disordered digestion. Get a bottle of Kodol for dyspepsia, and see what it will do for you. PRESIDENTS FOR TWO STATE NORMAL SCHOOLS ELECTED.

The two Boards of State Regents for the State Normal Schools met in this city on Saturday and elected Prof. E. N. Roark, late a professor in the Kentucky State College, Lexington, as President of the Eastern Kentucky Normal, at Richmond, and Prof. H. H. Cherry, of Bowling Green, of the Western Normal, at Bowling Green. These are both first class men and thoroughly qualified for their positions.

APPOINTED SUPERINTENDENT OF PRINTING.

The last Legislature passed a law authorizing the appointment by the State Board of Printing Commissioners, of a Superintendent of Public Printing.

WILSON—In this city, on Wednesday, to Mr. Ralph R. Wilson and wife—a son.

DEDICATION AT JACKSON.

We have been requested to publish the following:

Dear Friends in Christ:
The Christian Church at Jackson, Ky., is completed. We hope to dedicate it to the Lord Sunday, June 17, at 1.30 p. m. The present accomplishment has been largely through the generosity of our Christian friends throughout the State, and our hearts are filled with gratitude that through them this blessing has come to us. Now that we are about to "go up into the house of the Lord," we cordially invite yourself and friends to rejoice with us in the dedication of this building.

As the excursion train will pass through picturesque and beautiful country, the trip will be very enjoyable; and as there will be services on the train as well as in the new building, the occasion will be one of spiritual uplift. Indeed our prayer is that these services may be long remembered as a spiritual blessing.

We have secured excursion rates over the L. & E. from Lexington to Jackson and return for \$2.00. The train will leave Lexington at 7:45 a. m. and arrive in Jackson at 11:30 a. m. It will leave on the return trip at 3:35 p. m. and arrive in Lexington at 7:00. The return trip ticket will be good until Monday. The Ladies Aid Society will serve dinner on Sunday and entertain those guests who desire to remain as until Monday. In order to get the round trip rate we must get eighty-three passengers. That we may estimate the number of passengers and also the number who desire entertainment please fill out and return the enclosed card not later than Monday, June 11.

At the dedicatory services R. M. Hopkins will have charge of the music, Jas. W. Hagin, of Covington, the communion, and A. K. H. of the late missionary to China, of the dedicatory services proper. It will be a feast of good things. Come and we will do you good.

O. H. POLLARD,
A. H. PATTON,
W. J. DUKES,
Excursion Committee.

If we can get 25 passengers from each place we can get special cars on the Interurban from Versailles and Paris at 6:15 a. m.

Sale of tickets will be limited to those attending dedicatory service so there will be no rough crowd.

THE MODERN "PITTSBURGH PERFECT" WIRE FENCE, WELDED BY ELECTRICITY.

What a Marvel it would have been to Abraham Lincoln, splitter of rails.

Mr. Farmer: Your progressiveness is keeping you in close touch with improvements in farm machinery, in dairy methods, and with all the scientific facts that bring about the greatest possible agricultural production.

You are also informing yourself about fence. We know you are.

- First—there was the stone fence of medieval history.
- Second—pioneer America converted its timber into rails.
- Third—somebody found a way to weave wire and slats.
- Fourth—along came barb wire, with its marvelous sale.
- Fifth—machines were invented to twist or clamp one wire around another: the woven wire fence.

But, most important of all, electricity now welds the wires at the joint, making no longer necessary these wraps and clamps. Stay and strand, wizard-like, become one.

The greatest step forward in fence building is thus accomplished at a single, master stroke.

Of course, you are not using anything else. Surely you are familiarizing yourself with this remarkable improvement, to be found only in "Pittsburgh Perfect."

MEN AND WOMEN WANTED FOR CHRISTIAN WORK.

The Moody Bible Institute of Chicago sends out an urgent appeal to Christian young men and women of all evangelical denominations to equip themselves for Christian work. Notwithstanding that hundreds of students pass through their hands every year, the demand for such as they train far exceeds the supply. These calls are for pastors of small churches, assistant pastors, Bible teachers, home and foreign missionaries, deaconesses, Sunday-school workers, leaders in boys' work, vocal instructors, choir leaders and Y. M. C. A. and Y. W. C. A. secretaries. While men and women do not get rich at this kind of work, yet salaries are

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

"Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists."
